About this book

This book provides a fun and engaging way for beginners to learn Arabic. On most of the pages, large, colorful panoramic scenes are surrounded with small pictures labeled with their names in Arabic.

Saying the words

Each Arabic word is also written in Roman letters, to show you how to pronounce it. Reading the words while looking at the pictures will help you remember them, and you can test yourself by looking for and naming the objects in the panoramic scenes. You can even practice forming simple sentences to talk about the pictures.

Arabic alphabet

At the back of the book there is a guide to the Arabic alphabet and a list of all the Arabic words with their pronunciation guides and meanings in English. Arabic is written from right to left and there are several sounds for which there are no equivalents in English. The pronunciation guides will help you, but the best way to learn how to say the words is to listen to a native Arabic speaker.
